

New Politics, Vol. X, No. 2, Whole Number 38

California: The Late Great Golden State, *David Jacobs*

The 2004 Elections and the Collapse of the Left, *Thomas Harrison*

The U.S. Occupation of Iraq: Three Perspectives

We are pleased to present three distinct viewpoints on the ongoing U.S. occupation of Iraq. Each contribution addresses such critical issues as the forthcoming elections, the declared and undeclared aims of the Bush administration, and the nature of the resistance. As always, New Politics invites further discussion and comment from our readers.

- Self-determination and Democracy in the Iraqi Conflict, *Barry Finger*
- Unraveling Iraq: The Sociopolitical and Ethical Dimensions of Resistance, *Wadood Hamad*
