TIAA Accused of Land Grabs, Human Rights Violations, Environmental Destruction

written by Nancy Holmstrom | February 17, 2017

No one wants their retirement to be financed by companies involved in human rights violations and environmental destruction. But that is exactly what is happening to those of us with retirement funds invested in TIAA.

You can learn about the campaign to get TIAA to divest from companies involved in land grabs and deforestation throughout the world by reading the attached power point – and please sign one of the petitions. You can do so here: http://bit.ly/TIAALandGrabwebinar
